

# Affordable hearing services found at Budget Hearing Centers

Budget Hearing Centers in Bloomington and Waconia offer a wide variety of services for customers. The practice offers hearing aid consultation, advanced hearing tests with speech recognition measurement, specialized fitting, factory authorized hearing aid programming, and responsive patient aftercare. In addition the Company provides expert repair of most brands and models of hearing aids, hearing healthcare supplies and patient complimentary earwax removal.

The Mission at Budget Hearing Centers is to treat customer hearing deficiencies by providing ethical, competent and technologically advanced hearing healthcare while showing each customer patience, respect, and empathy.

Paul Thulin started Budget Hearing Centers after having been trained in Audiology and honed his skills working for corporate hearing aid giants. In

Addition to his mission to treat hearing hearing test data, speech recognition deficiencies, Thulin has another goal: results and personal information such "To provide major hearing aid brands as activities or environmental influences where hearing problems are encountered," said Thulin. "We have save them a significant amount of no favorites, we are in essence money — sometimes into the thousands — for the same identical hearing aids offered by other dealers and clinics," Thulin said. The company's pricing reflects this goal by offering up to 50 percent off manufacturer's suggested retail pricing.

Budget Hearing is a factory authorized dealer for eight of the major brands of hearing aids: Oticon, Phonak, Rexton, Siemens, Starkey, Sonic, Unitron and Widex. Thulin notes that his company is unique since Budget Hearing is one of the only companies in the Twin Cities that is experienced enough to offer all of these brands having been factory trained by each manufacturer to expertly program, maintain and repair a patients' hearing aids over time.

"We always prescribe the best product for our patients based upon their

"As a senior citizen practitioner and owner, I have worn hearing aids for years. Before I suggest certain hearing aids to patients I have always demoed the products myself. Sometimes it takes me a month or more to determine just what the hearing aids are really capable of." Thulin reflecting, added, "Just thinking out loud, over the years I have really enjoyed this business and most of all my patients' stories." "I think I have learned more about life from my patients than I could ever have hoped for."

At the recent Our Life Expo, Budget Hearing Centers displayed over 72 examples of current hearing aids also providing product literature and hearing health literature.
